## Singapore Yacht Show 2018

The best offshore activity to attend without leaving the country.

It's a stellar line up at the Singapore Yacht Show this year. Attendees will get to witness the regional debut of the most prestigious boating brands– Nautical Habitat, Azimut, ProMarine, and Multihull Solutions to name a few. Even if you're not a boat-ophile (not an actual word), we highly recommend seeing what the 8th instalment of Asia's largest boat show will bring. But don't mistake the event for a catamaran exhibition. SYS 2018 is a full-scale social festivity.

Kicking off the first night is the Gala Dinner consisting W Singapore's haute cuisine accompanied by stunning performances by Cirque du Soleil. You will also be able to catch thrilling watersport demonstrations and the chance to test them out yourself. Or if you're more of a car person, the Supercar Parade held throughout the show is exactly what you will need to fill your visual appetite. Finally, complete the perfect luxury yacht experience with the Gin Festival, hosted by Tanquery on the upper esplanade. Browse the gallery for a preview of what you will see next week at ONE°15 Marina Sentosa Cove.
